Whispers from The Brighter World

Wednesday, April 15, 2015 – 10:00 a.m.

Love at this level cannot be commanded – it manifests in its own way, it is lived intensely. These writings are the expression of it – they would not exist without it, at least not with the same intensity and perseverance over time. Here, such a case is rare. It will remain the hallmark of our Mission and testify to an extraordinary love between Master and disciple, united in time and for a long time to come. From one lifetime to another such a love is expressed for the general good; our beautiful Sahaj Marg Mission benefits from this heavenly manna that will characterise it more and more. Our dear Kamlesh is a wise Master. He enters into this role with brilliance and clear-sightedness, and he will know how to make the most of such a treasure to support an unprecedented action within the Mission. Doesn't everything have its raison d'être! He was not chosen in vain; thus, in time, will the extraordinary effects of this method be confirmed in people's hearts, for the good of all.

Many changes will occur in this world. In hindsight, these unprecedented upheavals will have made things evolve, leading humans to an unprecedented awareness capable of transforming humanity and making it evolve in the right direction, according to a deepening of knowledge – at all levels. Doesn't everything have its raison d'être!

Trials are necessary; they generally lead to open-mindedness. May knowledge one day favour the expansion of a collective consciousness, leading humankind to a real progress.

Blessings to all.
