Whispers from The Brighter World

Thursday, April 30, 2015 — 10:00 a.m.

These four major seminars in a year will henceforth stand as the four cardinal points of our beautiful Sahaj Marg Mission. We particularly call upon our abhyasis during these special days to devote all the necessary time and attention to them. Very special work takes place for the welfare of all and for the increasing establishment of this unparalleled way — the results of which make us very happy. Our dear and great Parthasarathi finds here his full blossoming among us — we who surround him with much love. He remains very attentive to the entire Mission that is so close to his heart, and to some beings who were very close to him personally during his many years of service, of intense devotion to all our aspirants and to this unique path — a path to which he fervently dedicated his life.

"All of us gathered here are working together to consolidate this path and strengthen its foundations which are now solidly rooted — to secure for it a future in which its action will become ever greater in the world of humans. This beautiful Mission will continue to grow to meet a need, a call from hearts that are thirsting. The heart of the Mission is large. Its current Master is brilliantly providing for its expansion. He will have more and more to do, and he will act accordingly. He is particularly carried on this occasion. May love, the love we advocate, become stronger and stronger and win over the hearts of all our brothers and sisters who are appropriately committed.

"Very special blessings to all."
