(Morning meditation.
I beg Babuji several times during this meditation to grant me healing of stomach ailment at least, which would enable me to stroll a little in the district.

(For Lorrain.)

*hings will take place on their own in their own time. We keep an eye on him; his family life is not easy, but such is his fate. The future holds better days for him. He is doing his level best; that is very well. His wife is a delightful being who will leave her cocoon one day; we will help her in this. May he be at peace. Transmit to him all this; he will understand."*
