Whispers from The Brighter World

Monday, May 4, 2015 – 10:00 a.m.

Following this path of the heart is a blessing; a day will come when our abhyasis will be able to confirm the veracity of these words. Time is precious on Earth, and it is best to make the most of each day, each moment that allows this progress. Everything is done in Sahaj Marg for the advancement of the abhyasis, and even if they are not aware of it, the work is effective; such is our objective.

There is still much to be done in this Mission to bring about that which must come to be. Our dearest Kamlesh will provide for it. His mission is already clearly defined; he is not yet fully aware of it, but he is working accordingly – that is what matters most. Masters are chosen for good reason; what awaits him here is immense, and he will act for the good of all. We support him as is proper, and everything will be accomplished for the best. The future of the Mission will be in Hyderabad; this place is special and great things will be accomplished there.

These prospects are so delightful. The great Parthasarathi has worked wonders; here he is now realising it. What remains to be done is enormous, but everything will be accomplished for the best. The current Master will be helped appropriately, carried by our love, which is attentive to his calls. Many projects will come into being, and Sahaj Marg will defy time through its power of action at all levels. It still has much to prove – all in due time. Our attention is unceasing.

May all be at peace and committed to this unparalleled journey.
Under our constant blessings.
