Whispers from The Brighter World

Monday, June 8, 2015 – 10:00 a.m.

Let yourself be carried away by this wave of love that engulfs you in these moments when the contact is established. Your heart awaits it and becomes receptive to our words. This ritual is not ordinary, and the number of these messages is unprecedented. Our way stands out in many respects; here our comments are recorded and disseminated to the hearts of our abhyasis, whom they are meant to touch and help in their quest for the Divine. Long is the journey of the soul towards its highest destiny; it takes time to understand where lies the most important thing and, even more, to act accordingly in organising one's life. Life has so many aspects. Knowing how to prioritise them is wise; it allows one to move forward more efficiently.

Everything on this Earth is slow. The pace of life conforms to the elements that give Earth its rhythmic movements, distinguishing it from other planets. The complexity of creation is such that it cannot be grasped by the ordinary mortal. Spiritual life has a simpler approach; only the call of the heart motivates its action and its opening to a world, a universe, where love is king. It determines the evolution of each person. One's advancement and integration in this unique journey leads to the level that is accessible to him or her. Grace helps one achieve great things; it leads and strengthens the seeker in a sublime advancement towards the Divine, where the best awaits. Here, dreams can become reality; eagerness to love and to unite with the Divine leads the entire being to the summit of a celestial ascent towards the goal of this unparalleled action.
