Whispers from The Brighter World

Monday, June 29, 2015 – 10:00 a.m.

Be at peace. We help you as best as possible on this journey in which nothing is simple for you, contrary to appearances. The love that dwells in you is your driving force, that which propels you towards our hearts in these daily contacts. As we have said often enough, this manna of messages is not given in vain. In the future it will become representative of our Mission. All of us here are attentive to your person – our scribe has already done considerable work and does not seem to tire of receiving us. So many of our abhyasis are nourished by our words; they represent for them a combined help, in their practice and in their commitment towards the incarnate Master. The latter is decisive; he is the power that carries to great heights the action of the entire Hierarchy, attentive to the whole of this spiritual path – at all levels. We are following its expansion around the world and preparing the future so that what is to be will naturally fall into place.

Our dear Kamlesh is a clear–sighted being. He will manage to do whatever is necessary to meet our expectations. The heart of the Mission is in India, where it originated and where it will affirm its reality after many upheavals have taken place in the world. May their trust in us, in their Master Kamlesh, carry the faith of each of our brothers and sisters on this worthy path of spiritual realisation.

Blessings to all, for the very best.
