A birth anniversary in our Mission is a very special day when the greatest number of you gather and are so very blessed by all the assembled Masters. A particular work takes place for the elevation of our brothers and sisters; many of them feel its very special effects. So many memories have left their mark over these years in India, the chosen land of Sahaj Marg, and elsewhere in all the countries where it is established for the good of our brothers and sisters. All of you are, and will remain, not only in my memory but also in my heart – for all that I was able to experience during those years, driven by the love of each one of you who, in your own way, will remain unfailingly remembered.

Our work here is different. The united Masters are working together to support the Mission as best they can in its overall action, but also to watch over each of our abhyasis, to help them effectively and as far as possible. These big gatherings are great moments, not only for all of you, but for us here – we who also meet and work in our own manner for the good of this entire Mission, and the good of all of you who are so dear to us; of this you can be sure. We cannot resolve everything and simplify the lives of our brothers and sisters, but be assured the most important thing is done. May this

birth anniversary remain truly unique for each one of you, with very special blessings, on this day which is no less special.

To all, the best that can be.
