Whispers from The Brighter World

Friday, July 24, 2015 — 10:00 a.m.

Dear brothers and sisters, much love rises up to us on these special days when we ourselves are particularly attentive to the Mission and to each of our brothers and sisters. A strong transmission takes place which benefits all abhyasis. These moments are unique, of this you can be sure. Happy are those who devote some time and reflection on such rare days of the year. They thus reap benefits whose scope they cannot imagine.

"Sahaj Marg is not an ordinary way. True spiritual work takes place within it for the good of all. This is an achievement of rare significance. The work of all benefits each one, and vice versa. In this, unity is important. The power of the incarnate spiritual Master represents certain powers of which he himself has no idea. He is the sensitive vector of this force that is granted to us. This spiritual path is so very blessed; most of our abhyasis are not really aware of this. A day will come when all will realise it fully — all in good time. The way of Sahaj Marg is relatively new in this world, yet be assured that its action provides real benefits; where better than here can one truly realise its importance.

"To all, we wish the best and that which is most delightful on this special day when our love for all is equally special."
