Whispers from The Brighter World

Tuesday, September 1, 2015 – 10:00 a.m.

The Sahaj Marg Mission is already well established in the world. Its status in the framework of spirituality will only continue to strengthen and grow for the good of so many brothers and sisters calling for a simple and true approach, one capable of helping them progress on this path, uncommon in its positive effects and results. There is still much to do for this Mission to be recognised more widely, but its course is already remarkable in its action, you can be sure. The alliance of the united Masters regularly looks into this entire Mission, in the most remote locations, far from the central axis in India where it was born. Our impact has neither borders nor any prejudice; rest assured, a call of the heart is always heard.

The world is changing, and its needs differ. Spirituality will one day find its true place, with an uncommon approach that is effective beyond appearances. All is well; it's up to one and all to motivate themselves and seize the opportunity offered to them to really grow, to our greatest joy and with our unceasing support.
