Whispers from The Brighter World

Saturday, September 5, 2015 – 10:00 a.m.

The Sahaj Marg Mission is growing; its influence is spreading in the world and winning a space – the most beautiful that can be – for a deep and sincere call of the heart. All the beings who are following us on this path are responding to an absolute necessity to truly advance towards the divine source, one that is here within their reach. The incarnate spiritual Master is the sacred vector; he relays the divine energy as we provide it to him. This transfer is unique in its principle. Our path is blessed with a method, the full scope of which the abhyasi does not yet realise. One would need extreme sensitivity; this is refined with time and rigorous practice. One day the divine goal will be attained and then supreme happiness will be there for the fortunate one. May there be more and more of them; our action is geared towards this.

By the grace of the united Masters, who are attentive to each of you.
Endless blessings.
