Whispers from The Brighter World

Thursday, September 10, 2015 – 9:00 a.m.

Everything in our Mission has its raison d'être. These writings are a precious asset for all. They exist, and they will defy time. The future will bring many changes; that which is important will be highlighted and for good reason. Sahaj Marg has become a vast enterprise. It is being structured and is preparing to grow even further. Many beings are committed and are serving this noble cause. They won't regret it, they can be sure. The fruit of these actions is a real asset that benefits one and all according to their call. This is the culmination of a wish from the entire Hierarchy: to produce what is the best and the most enduring possible, under our ceaseless blessings.
