Whispers from The Brighter World

Sunday, September 13, 2015 – 10:00 a.m.

The Sahaj Marg Mission will surprise people one day by its diversity of action. The current incumbent Master will promote its development on many levels. Everything evolves in this world; hence, it will be necessary to adapt to new times by promoting the approach of this method, as is already planned. Herein everything is changing and must evolve in the right direction in order to facilitate the practice of one and all and the worldwide expansion of this uncommon path.

The work with these children* should indeed be kept in mind; this method can help many of them develop, among other things, their sense of observation, which currently appears to be losing ground. Anything that can work in this direction should not be neglected. What matters is the practice and the profound motivation of all to achieve the best; a call is always heeded, as we have said often enough. It is up to each one to commit accordingly.

Our help and blessings to all.
