Whispers from The Brighter World

Sunday, September 20, 2015 – 10:00 a.m.

Be at peace. Rest assured, these messages help many of our brothers and sisters. Each one sees in them what they really want to see. The vast majority value these messages, which can be understood by all, as is our wish. Our objective here is not to deliver a more esoteric teaching but to touch hearts, this being our absolute priority, in line with the process as we offer it. Each and every person derives from it the desired benefits, according to their own aspirations and inner potential. You can be sure that all are supported in this respect and benefit from our constant blessings – this is a special feature of our way, where the heart plays a central and decisive role in human evolution. Spiritually, the heart – this special organ – is the centre of our action and is endowed with spiritual powers still unknown to the vast majority of human beings. We wish all our brothers and sisters a spiritual fulfilment such as they hope for, and even beyond. We are seeing to it, rest assured.
