Whispers from The Brighter World

Thursday, October 1, 2015 – 10:00 a.m.

These messages are much more important than they may seem; what you call 'scoops' in contemporary life is not what we are concerned with here. These contacts of the heart have no other purpose than to convey a teaching capable of helping the greatest number; it is special in its effects, as we have said many times. The mystic sees, beyond the appearances of the material world, what emerges from such writings, and each receives them as suits him or her. We want the best for everyone, you can be sure. What is essential takes place in secrecy at the most subtle level, where our abhyasis do not expect it. The spiritual world has its own laws, which are not those of human beings. Rest assured that everything is done for the best.

May all be carried and strengthened in the face of adversity and, better yet, may they advance in this quest for the Divine, so decisive in an incarnation for the blossoming of the soul; such is the goal of this extraordinary journey. May all motivate themselves and reach a space where wisdom determines the progress of each one. Sahaj Marg works for the best that can be, rest assured. It is not content with words and great speeches. It works at its discretion and as needed for the good of all. May all be blessed and strengthened.
