Whispers from The Brighter World

Saturday, October 3, 2015 — 10:00 a.m.

This mystical soaring fulfils your heart which is nourished by this rather remarkable love emanating from our contacts. Many of our brothers and sisters are nourished by these contacts and feel within themselves the effects of grace. Beyond the text, there is transmission, whose effects are subtle. Many receive the messages as a form of guidance, a blessing from the united Masters.

"All that is accomplished in our Mission at this level results from the action of the living Master, custodian of our powers, combined with our constant action in many areas in order to totally support him. Nothing great is accomplished outside the alliance of Masters, all of whom are committed to this extraordinary Mission.

"Many achievements are yet to come, and our great and dear son Kamlesh will do the needful over time through judicious and inspired action. We carry him with love on this difficult but rewarding path where the best is yet to come, one might say. Very special blessings to him on this day that is special for us in the sphere in which we operate — one that is so far from your world of darkness, where our action is operating as best as possible for the general good. One day the divine goal will be reached and this unparalleled work will finally yield the desired results.

"To all, the best, under our blessings."
