Whispers from The Brighter World

Friday, October 16, 2015 – 10:00 a.m.

Today we will content ourselves with a heart-to-heart contact; so many of these messages are available to our brothers and sisters, who take them up as they feel inclined. To search beyond appearances, beyond form and substance, demonstrates a profound aspiration to unite with the Divine. So many aspects are to be considered. How far does the abhyasi want to go, and what is his or her motivation? One is not always truly aware of what one is doing and where this work is leading. This spiritual path offers real progress; it rests on a vibratory reality capable of doing much more than the aspirant imagines. All benefit from this quest for the Divine. Some advance very quickly, others more slowly, but it is certain they derive the utmost benefit from it, which is precisely what we expect from this work.

May the union of hearts be strengthened, uniting more and more abhyasis in a common vision, far from the ugliness of material life where so many senseless acts occur, even though everything could be different. Let us work in this direction; nothing is impossible for the higher powers – even inspiring these lines, which were not foreseen.
