Basant Panchami

(Lumbar ailment, following the Filipino's consultation. Morning meditation.)

The Medium: Babuji, make it so that during this seminar I should feel better, at least a little bit to (help me) bear it, please.

Haven't I always helped you when necessary?

Babuji

(The same morning meditation.)

The Medium: Venerable Lalaji, I beg you: help me, see to it that I should no longer have to go everywhere for healing endlessly. For Basant at least let me feel better, I beg you.

Anything you can be relieved of will be removed.

Lalaji
