Saturday, August 21, 1999 - 8:00 a.m.

Don't worry about human judgements... as for us, we know who you are... so, never mind their stupid reactions! It's only this eternal failing of men: judging their fellow men without knowing them. Look beyond all that, look towards us, remain in our vibration... come into it to rejuvenate yourself and reinvigorate yourself to face up to your daily life. Hold out; we are here."
