Whispers from The Brighter World

Saturday, January 2, 2016 – 10:00 a.m.

At the heart of silence is your refuge. It is sacred and the bearer of these many messages that will increasingly nourish the hearts of all our brother and sister abhyasis and beyond. The divine energy manifests in this form in more ways than one. It materialises to leave its mark on this beautiful and great Sahaj Marg Mission, which will defy time after many upheavals. The hierarchy of Masters united in one and the same action focuses on this specific point, namely, the trajectory of this uncommon spiritual path. Each of these paths in the world has its own distinctive features. Ours will leave a spectacular impression over time. That which is divinely wished for is fulfilled, against all odds. Humanity progresses slowly. It does not always go in the right direction with regard to certain negative aspects: violence between peoples, most often for the wrong reasons. What matters is to advance the spiritual aspect, to give it, in more ways than one, the means to grow in hearts in a decisive manner intended for the good of all humanity.

Whatever the coming upheavals may be, what is established in the human world for the general good cannot but remain and spread even further according to the divine plans.

Let us move forward for the better; every day brings what must be. We are watching over this Mission, our very precious asset. It is expanding at its own rhythm, and it will go very far; we are happy about it. May our abhyasis motivate themselves ever more and grow in wisdom according to our wishes.
