Whispers from The Brighter World

Tuesday, January 12, 2016 — 10:00 a.m.

Your faithful commitment has resulted in so many messages. This heavenly manna will nourish hearts for a long time, you can be sure. This process is intended to support the action of the living Master, who is constantly supported by the special energy that we transmit to him. Very often he feels alone in the face of such a heavy load, but our attention towards him is unceasing. It is not easy to optimally manage such a movement whose size will continue to increase. All in good time. An appropriate organisation will be set up for the good of all, and for the deepening of a method that is not as simple as it appears. In due time it will provide the enlightenment necessary for the human evolution that has been planned in view of achieving the best. This world will change considerably; one day it will revert to a fundamental truth that has remained ignored and hidden for too long. We will refer to it again at the appropriate time. That which is being achieved in the Mission is very promising, and it will fit perfectly in a more highly developed system in which it will have a special place. Hyderabad — this future high place of the Sahaj Marg Mission — will shine in the world, touching many hearts and fulfilling their expectations. Everything has long been planned and desired. Divine laws are inescapable; we are the servants thereof.

"To all of you, our constant attention."
