Whispers from The Brighter World

Friday, January 15, 2016 – 10:00 a.m.

Surrender yourself, in these unique moments, to the delight of the soul – this ritual has become essential to your life. You steep yourself in it and you retain within yourself this sublime energy that carries you to our hearts.

Thus this transmission can begin. It reverberates around you, and each of your sister abhyasis benefits from it in her own manner.* These messages, primarily, are the fruit of it; they come directly from our hearts with no other purpose than to help our abhyasis. Thus is created this vibratory aura – very often evoked here, though not yet perceived in its reality and in its action, which underlies that of the incarnate Master.

Sahaj Marg is a whole, coherent and more active than it seems. All these years of existence have created this magical chain that goes beyond the framework of our path. What matters is the result produced by all the means offered to brothers and sisters invested in this uncommon endeavour. Such an advantage in an incarnation is precious, you can be sure. Nothing is easily obtained in this area – here, it is about an asset that can defy time and is promising, encouraging us to continue as far as possible. Sahaj Marg does not lack means of action, from those of the incarnate Master carefully chosen by us, to these writings emanating from our hearts – all blessed and supported by the higher powers.

May these different means of helping our brothers and sisters allow them to save precious time, under our blessings.
