Whispers from The Brighter World

Saturday, January 30, 2016 – 10:00 a.m.

Here begins this extraordinary contact from which many abhyasis benefit. By reading our words, they can be sure of receiving a very subtle and valuable energy. Grace spreads in its own manner in a spiritual path such as this, a path that is innovative in more ways than one. The commitment of the heart – we have said it enough – remains paramount. What progress it allows one to make through this labyrinth of the sovereign Spirit! The egregore created in this Mission will affirm itself over time, its efficacy continuing to manifest in the future. The new high place of Sahaj Marg will be particularly charged, our abhyasis receiving from it much more than they would think possible. That prospect delights us; the alliance of Masters is very attentive to what is being built in Hyderabad, rejoicing at such a treasure for our Mission.

It will be consecrated with all the magnitude it deserves. Our dearest Kamlesh will know how to provide for it. He has the necessary capability to act, and his mind is well versed in this exercise which will be decisive for the occasion. We have full confidence in him – this is not new – and we expect still more from him. We inspire and carry him with so much Love. It is not easy for him to assess how much we support him.

In human terms, it is not always easy to be understood by all. Old habits must be overcome, for the general good of the Mission. Its expansion requires another approach,

adjusting as needed to what already exists in order to allow it to grow even further. Our endless blessings contribute to it; this is how it is.
