Whispers from The Brighter World

Thursday, February 11, 2016 – 10:00 a.m.

These big celebrations are strong points in our Mission; they demonstrate all of its importance and the benefits it produces here below. They are to be specially respected. Each celebration leaves its traces on our abhyasis through the results achieved, the memories created and the many benefits enjoyed by all our brothers and sisters who are committed to a greater or lesser degree, according to their capabilities. A magnificent seminar is taking place in India in this high place of spirituality. This place will remain the strong point of all buildings erected for this beautiful Mission, whose action on people's hearts is exemplary. Everything takes place discreetly, in secrecy, and yet the results are there and they will defy time. Is there anything more beautiful, more noble, than a soul opening up to a bliss that embellishes and transports one to the sacred shores so often evoked in these messages. How can we not revert again and again to this very essential aspect for a person on the path who deeply aspires to rise and go beyond this world of matter, so disappointing in so many circumstances.

Humanity is what it is; perhaps it will have to undergo a lot more suffering before reaching a higher level of consciousness. The divine laws cannot be circumvented. Sahaj Marg offers a rare opportunity, that of actually growing and becoming refined in highly

sensitive points, decisive on this journey towards the Eternal. Everything is done for that, under our ceaseless blessings.
