Whispers from The Brighter World

Monday, February 29, 2016 — 10:00 a.m.

Plunge into yourself in the heart of silence, where wonder is fulfilled. This ritual, so well established over such a long time, opens doors onto Infinity. Thus are these contacts renewed — contacts in which your soul, entirely surrendered, perceives our slightest calls. This relationship is very special; it allows us, through these writings, to better affect sensitive and decisive points of our abhyasis who strongly aspire to merge with the Ultimate. Everything has its raison d'être in such an area. It is necessary to clearly identify the innermost nature of each of our brothers and sisters — their real potential — in order to further deepen and refine this very special work.

"With hindsight, we can better assess the results, which are not easily defined in human terms. In the efforts of each one, nothing is lost. It is very satisfying to assess the concrete effects of these efforts as well as the vibratory power they release. While it is not easy for a person to assess the distance he or she has covered, all should rest assured we are fully satisfied with both the overall and individual results. Sahaj Marg was not created in vain. The sages of the past understood the need for a new method that is not only accessible to everyone, but above all capable of leading sensitive beings to the highest level of spiritual elevation. Real commitment, fervour and determination to achieve the goal lead inevitably to the desired results. This is how it is.

"Special blessings."
