Whispers from The Brighter World

Tuesday, March 29, 2016 — 10:00 a.m.

Such a meeting with dear Kamlesh could only fill your heart with joy. The ties between your souls originate from far back in time and they will endure into the future, in the service of a spiritual way that is so dear to both of you. You share a mutual and genuine commitment towards the Mission. You will meet again in the service of this noble cause.

The Sahaj Marg Mission will continue to grow; it will respond to a real expectation on the part of many hearts that are thirsting for the Divine. Being accessible to all and undemanding, it brings much more than it seems to abhyasis who are committed and faithful in their action. Fortunate are our brothers and sisters who are involved in this path — one that is blessed by the Grand Masters, who are attentive to their commitment. The aura of this very special path of the heart is growing, which pleases us greatly. We are working to ensure that it continues to expand in order to meet the many calls emanating from human beings — seekers who cannot find in today's humanity that which is missing in their innermost depths. May we, with time, satisfy all these beings in need, well beyond their current aspirations. Nothing is lost in such an approach, and happy are the truly committed beings, for they will see the light.

Blessings to all.
