Whispers from The Brighter World

Tuesday, April 12, 2016 – 10:00 a.m.

We are delighted to see Sahaj Marg expanding around the world, growing in the many hearts seeking a true spiritual approach. This one can meet the needs of the greatest number of people, and we rejoice in that. The call of the Divine is there in each one, to a greater or lesser degree; its vibration acts and transforms, little by little, that which needs to be changed in order to better draw the presence of this powerful and active energy on this extraordinary journey.

The living Master is the vessel of our divinised energies, a creative and unparalleled vibration that he can transmit as needed in the current era. The strength of Sahaj Marg is present in this very aspect, an extraordinary and effective action, you can be sure. Anything that cannot be precisely defined takes longer to accept. Time reinforces this work taking place in the lives of our brothers and sisters for their greater good. Very subtly, the aura of Sahaj Marg strengthens them and allows them to truly progress towards levels of consciousness that are not readily accessible. Perseverance in action fortifies the foundations of this sacred edifice which time consolidates, allowing for beneficial growth. This very subtle vibration acts on the important points throughout this special journey that is far from the materiality whose manifestation is heightened in daily life. Creating for oneself a space of purity and peace allows one to face the situation and not neglect the spiritual aspect, so crucial on this Earthly journey in which each one's personality is refined.

The best to all.
