Whispers from The Brighter World

Sunday, April 17, 2016 — 10:00 a.m.

The daily hustle and bustle sometimes diverts the abhyasi from his or her objective. It is not always easy to conform to a strict line of conduct in this life, a life that is troubled in many respects. The commitment of the heart is paramount in this journey, which is essential for the elevation of the soul. The soul awaits such a commitment and complies with what is offered to it. Each person receives according to his or her call; this reality is well known and effective in its action. It is so good to be carried away by the raptures of the soul, through the deepest and unfailing joy generated in such unique moments of profound delight. Such a longing always leads to the desired results. This commitment is crucial for the abhyasi; thus does one progress towards the goal according to one's wishes.

Owing to its effectiveness, this simple method, strengthened by the personal commitment of each individual, has produced the Mission as it is today. We are following the effects it generates, and we support its action. Its efficacy can only grow in people's hearts. As major seminars draw near, it is good to take stock; everyone does what they can, and we find no fault in that. Our beloved son Kamlesh is highly committed to this extraordinary challenge. He is our greatest asset in this endeavour, and he will lead this Mission very far; we will always give him the necessary means.

May he be especially blessed, along with the entire Sahaj Marg Mission.
