Whispers from The Brighter World

Friday, April 22, 2016 – 10:00 a.m.

Here you find the peace, the love, that carries you every day towards our hearts that are so attentive to the Mission and to our dear scribe. Do not feel embarrassed by these comments. So many years of contact have led to the creation of a very special bond, one that is – shall we say – unique in its genre and of benefit to the entire Mission. We particularly surround our dearest Kamlesh with all our love. It is not always easy for him to cope with the various difficulties generated by the Mission. They are numerous and come in addition to the spiritual work, whose scope is surprising in its effects. This action pertains to a particular state maintained by the power of the united Masters – we who are especially attentive to him, in order for his action to spread broadly upon this way of the heart, so special and active in the results obtained. 'One day, the divine goal will be attained' – such is our enduring wish for all those who trust us and follow this extraordinary path. It will leave its mark on these times, you can all be sure of this, and it will adorn them with a beautiful aura.

Nothing is useless in a process like this, wherein action and surrender crown the efforts of each individual. All benefit from the effects of grace, which is given day after day in the silence of the heart, where it is called with the utmost discretion. May all

become increasingly committed and make the very most of a work such as this – one that has been blessed by the gods.

Blessings and courage to all, in the face of this unprecedented saga.
