Whispers from The Brighter World

Saturday, May 7, 2016 — 10:00 a.m.

The periods following seminars are conducive to a spiritual blossoming, to the deepening of this unparalleled quest for the Divine. Each seminar leaves a trace and, in its own manner, marks the journey of each of our aspirants. In their journeys, the transcendence of the Spirit works wonders, you might say. Nothing is lost from such unique gatherings, and being totally available to this action leads to very convincing results. Though it seems very simple, the Sahaj Marg way nevertheless offers multiple benefits. In this system we disregard grand ritualistic displays, which are of no importance. Our fervent and long-standing abhyasis can to some extent measure its effects. When they leave this world, they will be able to fully assess its results and they will be happy. This incarnation will not have been in vain, as each incarnation brings a valuable element to this long epic in which difficulties of all kinds abound. Efforts made in this direction during one's life bear precious fruit for the remainder of the journey. Commitment and fervour attract grace, that which elevates the entity to the pinnacle of success. Seeing the entire Mission progress fills us with joy, a joy that greatly heightens fervour in many abhyasis. Everything in its time; one day the divine goal will be attained — there lies the reason for our ceaseless action for the good of all.

Very special blessings.
