We know that you are the embodiment of doubt, but it is perhaps not so bad like that; it protects you from undesirable egotistic reactions. Our mind is at rest with the latter, as far as you are concerned; you give us enough worries for other reasons. You have understood well the profound meaning of the symbol. Share it with your friends, they will be able to integrate it and they will learn how to use it like you.

"Throughout your life, you dreamed of great voyages. You had made some of them, but the most beautiful voyage your life had in store for you, was this inner voyage which your immobility obliges you to undertake more and more."
