Whispers from The Brighter World

Friday, June 10, 2016 – 10:00 a.m.

Enter into the silence, where the soul is enraptured. There the ritual takes place, allowing you to tune into us at the highest level. So many years of contact have resulted in these unparalleled writings.

They emanate from the world of the 'Spirit', coming from that of the united Masters, whose love for this Mission can only grow. In accordance with its expansion in the world, this love touches hearts in its own manner, and there the best can be fulfilled.

It does take time to understand the need to act with perseverance and faith in this unusual commitment. The great mystics of the past were not necessarily planning for this action, for this journey on a spiritual path such as they followed. For many, their names live on in history; they are references, incomparable models, and so will it always be.

God's ways cannot be circumvented; they capture hearts that are in need and calling for an extraordinary path. Sahaj Marg is such a path. The practice touches on the most sensitive points, connecting the heart to the sovereign Spirit, and there the best can be accomplished, you can be sure. This method will continue to astonish people; it still holds surprises whose effects will be brought to light by the current Master. Our

dear Kamlesh is endowed with our powers, and he does use them advisedly, rest assured. May all realise the need to be committed and to thus contribute to the general benefit.

To all, the best.
