Whispers from The Brighter World

Tuesday, June 28, 2016 – 10:00 a.m.

This abundance of messages coming from all of us is not ordinary; it expresses our attachment to this Sahaj Marg Mission and to all our brothers and sisters, united by these extraordinary spiritual ties. Our interventions are on multiple levels, allowing us a broader and deeper action. Here, barriers do not exist; we do not want to draw distinctions, at any cost. We are united to help fervent hearts that are calling for a special transmission. This cannot be explained – this path of Sahaj Marg benefits from possibilities that are without precedent in the history of spirituality. This Gift from heaven is appreciated, oh so much. We see the benefits of it, the results obtained, where we would not have expected them. A call from the heart cannot be ignored. Is this organ not, at the most subtle level: the seat of the soul. Therein lies the true identity of this organ, multiple in its effects. The heart is the human being's most personal asset, in its possibilities, not all of which are recognised for their distinctive features. Knowledge progresses, it advances to the extent that humans can understand it and act for the good to allow humanity an unprecedented step forward. This reality is being prepared – doesn't everything have its raison d'être.

The slow pace in this world is a necessity, life must adapt to human evolution and not vice versa.

Everything remains mysterious to human beings and it is perhaps better that way. Each one must be concerned about his or her own personal progress, that is the most important thing, this is the way it is.
