Whispers from The Brighter World

Sunday, July 3, 2016 – 10:00 a.m.

Let yourself be carried away by this wave of love that engulfs you and enchants your heart. It has been listening to us for so long that it perceives the slightest notes of this very special, divinely inspired symphony. This symphony carries you daily to a space where our action produces sometimes surprising results, when perceived with love and surrender. Beautiful souls are nourished by these writings. They perceive, beyond the words, all the subtlety and special energy they emit.

The objective is there – to touch the sensitive point in each one, which opens a space of peace and tranquillity where the best can be accomplished.

We act in the shadows, one might say, far from this turmoil that is destabilising for a great number of human beings subjected to the current laws of life, which are disruptive in more than one way. In this regard we cannot change anything; we deeply regret it. With this practice, we offer the means to isolate oneself and to perceive in oneself the benefits of this action. Such an opportunity offered in a lifetime is not to be ignored. We can't force anything, only harvest the benefits of grace, bring them to the light and thank the power that allows such an action. Sahaj Marg is destined to grow in its surprising effects in the times to come when minds will open more and more to the

effects of divine power. The practice of Sahaj Marg is the desired opening to achieve the best of this divine ascension.

Blessings to all.
