Whispers from The Brighter World

Thursday, July 7, 2016 – 10:00 a.m.

No, this work is not completed; let us continue for a little while longer, if you can. Love carries you in this action and allows you to go beyond what life inflicts upon you, and which cannot be resolved. That is how it is, shall we say once more. May this contact sustain you in this suffering, so well hidden from the eyes of humankind, as opposed to ours. This aspect of life has always been comforting for you, because we know and understand you, which is not always the case with humans.

We, too, have fully experienced all aspects of life – the good and the bad – without finding, most often, the appropriate way to resolve them. Nothing is ever simple; regardless of social position, gender or age, trials cannot be spared. The incarnated Master, like us, cannot solve everything; to intervene, in many circumstances, consciously or not, remains within his possibilities; he does it in his own way and for good reasons, which are not always obvious to human eyes.

Following a spiritual path allows one to focus on an essential point: the evolution of the subtle being, of the soul, which aspires to the Divine, to that power which it senses without being able to really define it. No matter – True Love, surrender, and perseverance open the most beautiful paths, those which delight seekers beyond their

expectations, when deeply wanted. We appreciate these calls, oh so much; we hear them and ensure that the best happens for each one. Special blessings to all.
