Whispers from The Brighter World

Thursday, July 14, 2016 – 10:00 a.m.

The Medium: "O Babuji, these heart contacts will continue, therein lies my comfort. Calling to You will bring Your dear presence into it more strongly still."

My dear daughter, the taking down of these thousands of messages has created a very strong bond between our hearts. The day you join us will be a moment of great joy. These writings have punctuated the days for so many years that they have become a ritual that nourishes many beings and helps them grow. This action is and will remain unique in our Mission, a grace of sorts for the greatest number of our brothers and sisters attentive to their publication.

Here, explanations are not necessary; sensitive souls understand and feel within themselves the benefits they provide. So, it is up to each one to seize the opportunity that presents itself to them in this approach and to take advantage of this celestial manna. All our abhyasis are followed with the greatest attention; even if we cannot solve all their problems, our love carries them daily, and this is to be considered. Special blessings to all our aspirants, none is forgotten, you can be sure.
