Whispers from The Brighter World

Friday, August 19, 2016 — 10:00 a.m.

These writings characterise our Mission. They will do so more and more; time will lend them a special place. Such is the wish of the hierarchy of Masters, who all express themselves in their own manner through these lines. This time of contact with our brothers and sisters is special; it carries a vibration capable of touching the sensitive points of a being. Surrender and fervour lead to a particular state in which the soul is enraptured. To touch hearts in order to make them more accessible to grace — isn't this the most beautiful state of all, transcending matter which confines human beings to a state that is limited in many respects.

The Mission is progressing. The egregore of this way of the heart is taking shape in the most beautiful manner and will lead it one day to the height of what it can achieve. Everything takes place slowly and is not always easy. Where would the challenge lie if such were not the case? Sahaj Marg is establishing itself; its special vibration touches hearts.

May the best be achieved for all, under our special blessings.
