Whispers from The Brighter World

Sunday, August 21, 2016 — 10:00 a.m.

Forget the world in these blessed moments of bliss in which your soul is overjoyed. It awaits this moment, this space of peace and love which we offer to it. All these years of loyalty and exactitude in tuning in to us and giving the very best so that this unprecedented action can happen. The Sahaj Marg Mission distinguishes itself in more than one way; many aspects will be revealed over time in accordance with the divine plan. Everything changes constantly, and everything evolves quite imperceptibly; the subtlest aspect of the laws of life are not discernible to humans. Many mysteries remain unknown to them. Knowledge is progressing and science is advancing in its discoveries, but certain aspects essential to the movement of life, to the essence of what life truly is, are still unknown to them. When the time for "real knowledge" has come, humanity will have taken a giant step. We are preparing it in our own manner; everything will come at the appointed time.

This is how it is — blessings to all.
