Whispers from The Brighter World

Monday, August 22, 2016 – 10:00 a.m.

Messages of dubious origin have already been taken down, and are still being taken. It will be necessary in the future to be particularly vigilant on this point. This situation has always existed, and other paths have had to take appropriate precautions to protect the sacred writings; human beings are like that. May these pages always be preserved and respected as they should be. Our dear son Kamlesh will see to it and take the necessary precautions to safeguard this spiritual treasure; there are many ways to do so nowadays. The future will reveal their true value after significant upheavals which will, out of absolute necessity, bring more wisdom here below. Everything in its own time; to live in the present moment and do one's best is a sign of wisdom. An incarnation offers the opportunity to grow and to reach, a little more each time, the next level.

Sahaj Marg guides our dear abhyasis to the fullest extent; such is our constant wish. To all, the best.
