Whispers from The Brighter World

Monday, August 29, 2016 – 10:00 a.m.

In this very special space where our Spirits meet and unite through this contact, the best occurs. These writings emit a special vibration – it is not yet grasped in all its subtlety, but it will be over time, and it will benefit this entire Mission, which is endowed with more than one asset. The coming times will witness an evolution that will be, shall we say, spectacular. Very ancient civilisations attained levels unimaginable today.

This fact is not easy to accept, and yet it is real. The future, too, holds its share of surprises. Everything has long been planned in this evolutionary system – all in its own time. Sahaj Marg will establish itself more and more and leave, in this world, a significant mark. To all, faith and courage in this progression of their existence in this world. We lavish our endless blessings on them.
