Whispers from The Brighter World

Tuesday, October 11, 2016 – 10:00 a.m.

You have done and will still do a lot for this path of Sahaj Marg. Love carries you day after day; that is your only motivation – the most beautiful and noble of all. Many of our abhyasis are thus invested, and in their own way they support this Mission in all its manifestations. How inspired and highly blessed are all these brothers and sisters who lovingly devote precious time to the needs of this most beautiful path where the heart is essential in many respects. This organ reveals the divine power that, in its own manner, dwells within this sacred point that is decisive in the evolution of each person.

This point hides its mystery well. One day it will reveal itself to humans and it will greatly amaze by its many possibilities that lie beyond current knowledge. This blessing is given to our path for the purpose of an action that is unprecedented in the history of the spiritual world. It is up to each person to take full advantage of such an opportunity, under our blessings.
