Whispers from The Brighter World

Friday, October 21, 2016 — 10:00 a.m.

Good and evil take their place in this divine scheme that cannot be circumvented by humans. No one can escape it. One's life is built on numerous trials; they are necessary and occur at the appropriate time. It is not easy to accept this necessity, and yet doesn't everything have its raison d'être. Could a human being really advance in total serenity? It does not seem so. That time has not yet come when perfect beings are living on Earth, creating a place of complete harmony that allows them to blossom — at all levels, especially the spiritual. Everyone is working towards it in their own manner and growing according to their own karma. Sahaj Marg provides valuable help. Are our brothers and sisters truly aware of it? It does not seem so. It is up to each to decide and be appropriately committed.

Special blessings to all.
