Whispers from The Brighter World

Thursday, November 3, 2016 – 10:00 a.m.

The mystery of faith remains entirely. Human assessments do not really grasp the truth; everything is far more complex than it seems and does not depend on the will of each individual. Human beings follow a path, decisive and necessary to the manifestation of Karma. They are very small before this power that imposes itself on humans and, in truth, leaves them little choice, at the level that interests us here. Following a spiritual path answers a necessity, a need, a call of the soul in its journey towards the Eternal.

This remains a complete mystery; who can truly grasp this higher will – no Great Being manages to do so. Surrender, faith and courage are the major elements in this grand prospect for human beings: merger with the Ultimate. Everything is counted – events, actions, thoughts – everything leads back to this much desired goal, which requires efforts and unfailing faith. The Sahaj Marg path prepares the way; it brightens it in its own manner, which is not without interest, you can be sure. This very special path keeps well its mystery, which will one day reveal itself to knowledge, and it will amaze. Simplicity of approach can produce the best; every abhyasi, truly invested, can reach this merger with the ultimate peace. So it is.
