Whispers from The Brighter World

Thursday, November 10, 2016 — 10:00 a.m.

Immerse yourself in this ocean of love where your heart is ecstatic and fully enjoys this unparalleled advancement. Our readers reap the benefits, but many do not and this is regrettable — especially for them. We cannot force anything, but only try for further progress with this transmission that is very specific to our spiritual path. In a way, Sahaj Marg is a forerunner, able to reach out by this means to many beings who thirst for the Divine. Future times will bring to light this very special aspect. When the powers that guide us so desire, a fact such as this always provides the justification for its action.

Spirituality is an aspect that is greatly neglected in this world. Happy are those beings sufficiently enlightened to devote the necessary time to it. In its apparent simplicity, Sahaj Marg is nevertheless very active. The future will shed light on this unprecedented action for the good of all our participants who are sufficiently committed to advance in a very special way.

We wish the best to all, under our blessings on this rather unique day. This is how it is.
