Whispers from The Brighter World

Saturday, December 3, 2016 — 10:00 a.m.

The Montpellier ashram is experiencing a beautiful moment; it is especially blessed today by our respective presences. We follow it with interest and we watch over its expansion — one that will continue to grow. Every one of our ashrams is a sacred axis that has a profound influence on our Mission. Each of them has its special feature. Just like human beings, ashrams play a leading role in a spiritual path by bringing it to life, in accord with our wishes.

We can see from here the impact of the Sahaj Marg way; however simple it may seem, its results are highly productive. Our dear Kamlesh is opening up new prospects and this is very positive. Sahaj Marg will assert itself more and more, attracting many hearts that are thirsting but not yet truly aware of it. An unprecedented progress will occur in that respect, and it will be decisive for an evolution that is planned and so necessary on Earth. Finding one's way is not easy here below — so many disturbances interfere with the vibratory balance of a human being. When the soul is ready to follow such a process, things become clearer, thus facilitating this extraordinary commitment.

To all, peace and personal fulfilment in this uncommon and highly active quest for the Divine.
