Whispers from The Brighter World

Thursday, December 8, 2016 – 10:00 a.m.

Do not worry about these details – everything will be done properly. Our dear great son Kamlesh will see to it. This history of messages will mark our Mission, and for a very long time. How could it be otherwise? These writings were precious to the great Parthasarathi, and they will be increasingly precious to our dear son Kamlesh. He is leaving his mark on the Sahaj Marg Mission in his own way, as each of us before him has done, to bring it to what it is today. It is good for us to note such success through the impact it has on people's hearts and the benefits it provides to this entire spiritual path, which is unique among its kind. It is truly unique in its very positive effects, and we are happy about that.

It still has a long way to go during which it will have to adapt to the needs of the times.

In a certain way, it has done so up until now and will do so even more in the future, quite naturally. Sahaj Marg has a long way to go. It will be more and more creative and will amaze by its power of action, which will finally be revealed when the Masters deem it necessary. So it is.

Special blessings to all.
