The Medium: "O thank you, my God, you are to me this space vibrating with light and love which Babuji speaks about. You are 'the true' joy of my life. I delight in you, in you in me; you are my treasure hidden and precious, beyond words, however strong they may be! I love you with all my soul. May you help your creature to go further and further, towards complete union with you."

Taste, my child, and remain in silence and selflessness.

"You will go through a stage that will make of this birthday the most beautiful one of your life."

The Medium: "Thank you, Babuji, you my divine guide and you, my revered Masters."

"Your cup is so full of love, we can only feel moved. You see that we are here well beyond complicated formulas. The only magic formula is: Love!"
