Whispers from The Brighter World

Sunday December 25, 2016 – 10:00 a.m.

This day of Christmas is celebrated in many countries; it is a time of worship for many human beings. Each country has its own such times, its ancestral habits, and each person conforms to them in their own manner. It is good for human beings to have reference points, to respect customs; these different aspects characterise an incarnation. They profoundly mark the life of every human being. Each person in his or her own manner cleans, purifies and plans, so to speak, what needs to be done to foster their personal advancement. There is so much to do to reach the goal. Many obstacles are yet to be overcome; they are determining factors in a life. They can promote a necessary advancement – the real goal to be attained. There lies the challenge for all our brothers and sisters, each committed in their own way on this long journey towards 'the Essential'.

Here, in particular, we take care of this; we follow our aspirants as well as possible to save them precious time in this initiatory journey. This is so important, it deserves very special attention. To all of you, peace and love in order to conclude this particular year in serenity.
