Whispers from The Brighter World

Tuesday, January 3, 2017 — 10:00 a.m.

In you there is peace and harmony, facilitating these daily contacts that truly emanate from the source. Everything has been intended this way, and for a very long time; you have thus been chosen to take on the role of intermediary, one might say, and to tune in to us on a daily basis in utmost surrender, carried by the love that lives in you and is widely disseminated. Such is your life: very painful in certain respects, yet so fulfilled spiritually.

Everything has its raison d'être. The action of Sahaj Marg is growing; it is positioning itself differently, imperceptibly taking a broader and more productive route. Thus is it intended by the hierarchy of Masters; everything is being set up slowly. The great spiritual paths of this time also started off in a small way — this is in the order of things. At the opportune moment, the movement of life brings about that which must be; in this, the divine will is exercised at all levels, including the darkest — this is not easily admitted by ordinary mortals. Some steps are necessary in all that constitutes life in this world, a life that is infinitely subtle and of a rare precision. Doesn't everything have its raison d'être? Would these messages have existed otherwise!

May the best come about for all our aspirants and for our great son Kamlesh who is particularly supported by the hierarchy of Masters. We wish for the best that can be in this new year.

Blessings to all.
