Whispers from The Brighter World

Tuesday, January 3, 2017 – 10:30 a.m.

Within you is peace, harmony, which facilitates these daily contacts truly emanating from the Source.

Everything is intended thus and has been for a very long time; you have been chosen to take it on, one might say, and to tune in to us on a daily basis in utmost surrender, carried by the love that lives in you and is widely disseminated. Such is your life: very painful in certain respects, yet so fulfilled spiritually. Doesn't everything have its raison d'être!

The action of Sahaj Marg is growing; it is positioning itself differently, imperceptibly taking a broader and more productive route. Thus is it intended by the Hierarchy of Masters. Everything is slowly coming into place. The great spiritual paths of this time have also started off in a small way. This is in the order of things. The movement of life brings about that which must be, at the opportune moment. The divine will is exercised here at all levels, including the darkest – this is not easily admitted by ordinary mortals. Stages are necessary in all that constitutes life in this world, a life that is infinitely subtle and of a rare precision. Doesn't everything have its raison d'être! Would these messages exist otherwise. May the best come about for all our aspirants

and for our great son Kamlesh, who is particularly carried by the Hierarchy of Masters – the best that can be in this new year.

Blessings to all.
