Whispers from The Brighter World

Let your heart speak, my dear daughter — it is the best informed: it receives, perceives and captures all that is necessary for its spiritual nourishment. Such nourishment is decisive in a person's lifetime. Union with the Master, surrender to his action and to ours, results in perfecting this achievement of past lives. Thus riches are accumulated, and certain experiences shape a person's journey. It takes time to accept this need for surrender; indeed, no one can ignore it. When a person has reached the stage of "letting go", the soul manages to pursue its ascent, and then all hopes are permitted. The soul is finally free and active to the full extent of its needs; we await and guide it with joy and the certainty of its full success.

This is how it is.
